G-MAX™ RS

FEATURES + BENEFITS

- 1 SmartGrip:** Strong center rib with larger stable shoulder blocks for sporty handling. Silica-rich compound, large circumferential channels with directional grooves allow quick water dispersion for superb wet traction and hydroplaning resistance.
- 2 StabiliTread:** Optimized pattern stiffness and wider footprint for longer tread life.
- 3 Smart Monitors:** Replacement Tire Monitor (RTM®) alerts drivers of treadwear conditions.

Replacement Tire Monitor Technology (RTM®): Unique stamp that visually indicates need for tire replacement by changing from "Replacement Tire Monitor" to "Replace Tire" based on tread wear.
